

# TROPICA

## Technical Requirements | Rider V. 1.0

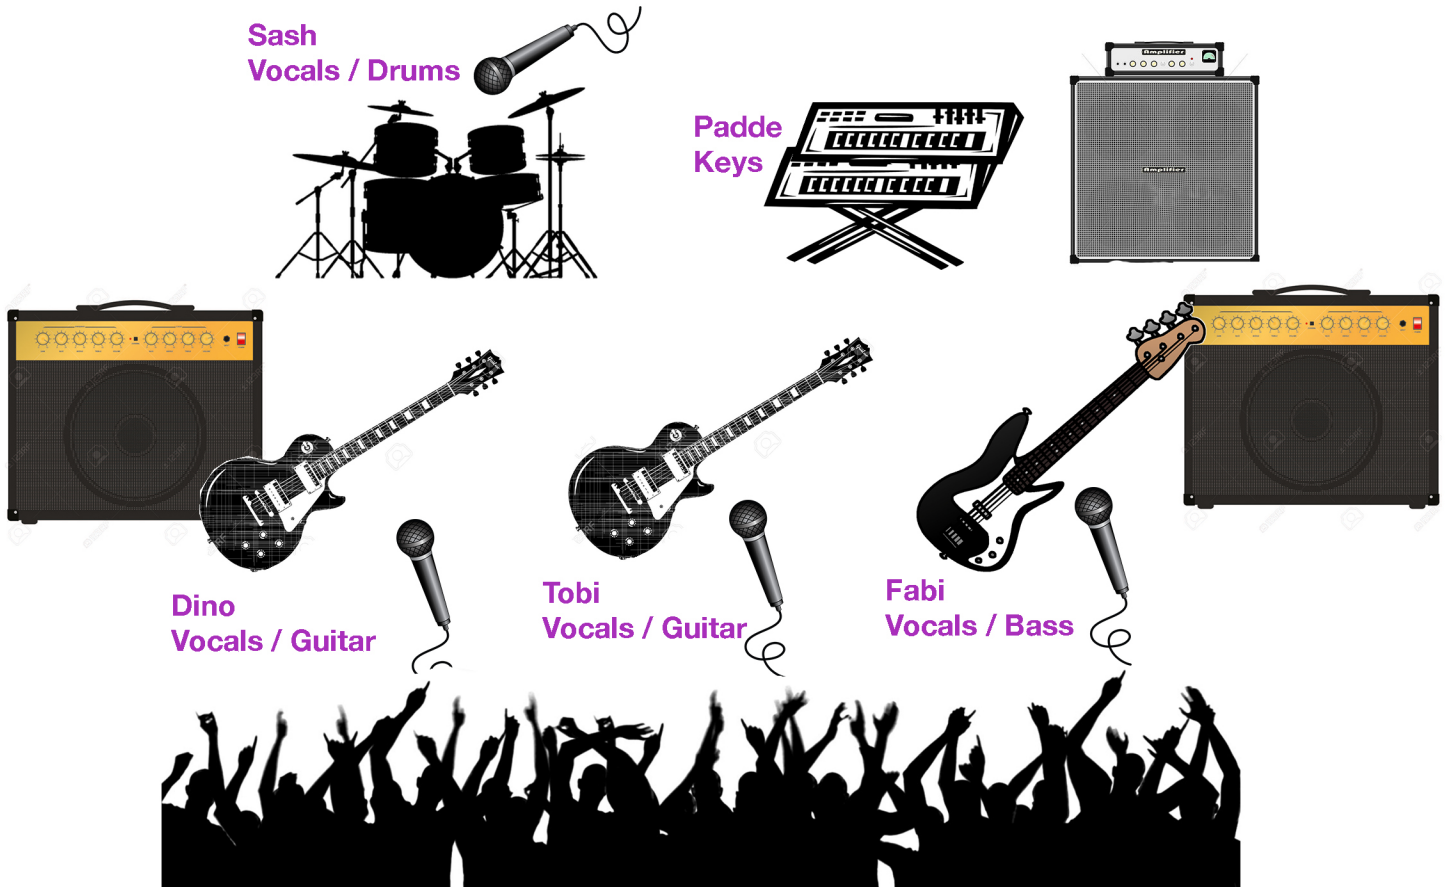

This document contains the technical requirements of TROPICA. We would be happy if the technical conditions of the concert venue fulfill the requirements, but will of course get together with the organizer and work out alternatives if the conditions differ from this rider. Anyway, we will try to answer all unanswered questions to set up a successful concert with you. So please don't worry about anything!

### TROPICA are:

Dino Mujcinovic – guitar & vocals  
Tobias Kresin – guitar & vocals  
Fabian Kresin – bass & vocals  
Sascha Kern – drums & vocals  
Patrick Heidbüchel - keys & vocoder

### Inputs:

Channel 1 // Bass Drum	Channel 9 // Vocals (Dino)
Channel 2 // Snare	Channel 10 // Vocals (Tobi)
Channel 3 // HiHat	Channel 11 // Vocals (Fabi)
Channel 4 // Tom 1	Channel 12 // Vocals (Sascha)
Channel 5 // Tom 2	Channel 13 // Electric Guitar (Amp), Dino
Channel 6 // Tom 3	Channel 14 // Electric Guitar (Amp), Tobi
Channel 7 // Overhead 1	Channel 15 // Bass (Di Output), Fabi
Channel 8 // Overhead 2	Channel 16 // Keys 1 (Di Output), Padde
	Channel 17 // Keys 2 (Di Output), Padde

Please note that we are flexible with the conditions at the venue of course. We'll be happy to have one monitor per band member.

### Catering/hospitality note:

We'd be pleased about a warm meal before the show for each of us, if possible some snacks or fruits and enough to drink (water, softdrinks & beer).

If your venue/location is more than 150km away from Wuppertal (GER), we would be pleased about information referring to accommodation possibilities.
